

A farewell as individual as the life it remembers.

I paint coffins by hand, creating colours and motifs that can carry a personal memory into the final farewell.

INDIGO FOLK ART

Painted with care, made personal.

Each piece is created with respect for the person and their family. A motif may grow from **flowers, nature, traditional ornament, a favourite colour or a small personal symbol.**

- 1 Choose a finished original or contact me about a bespoke design.
- 2 We discuss the colours, motif and the story you would like the painting to hold.
- 3 The final design is painted by hand in my studio in Brno.
